

Ridge Rambler

Winter 1998

Volume 5 Issue 1

Seasons Greetings

Since I have started the newsletter, we have gone from one extreme to another. We started December with beautiful weather. You could be outside in shorts and have the windows opened to warm breezes. This last week we have had an ice storm that for some of us left us powerless for almost 24 hours and for an unfortunate few still powerless. Trees are still laying across power lines and may take several weeks to clean up. The woods were full of the sounds of trees cracking and falling. Scary when you were never sure which way they would fall.

Being prepared if you live here in Saddle Ridge is the key word.

Combinations:

January	1378
February	2287
March	3196

Too Little Time

I still find each day too short for all the thoughts I want to think, all the walks I want to take, all the books I want to read, and all the friends I want to see. The longer I live the more my mind dwells upon the beauty and the wonder of the world.

Jon Burroughs

New Faces

Welcome to the two new families that have finished building their dream homes and moved into Saddle Ridge. The Jewell's and Redmond's are a welcome addition to the mountains.

There are at present two other homes being built. If you have not been up in awhile come see all the new additions to your community.

Issues Settled -

Paved:

The Saddle Ridge Road has finally been paved. Rides real well!

Bush Hogged:

The roads have been bush hogged, although at the present time with all the trees down it's hard to tell.

By Laws:

The Bylaws have been approved. Copies will be sent out with the next newsletter-computers willing.

DCA:

As a result of possible liens on their properties, many people have come forth and paid their delinquent road maintenance fees. Those that haven't - liens are on their way.

Road Committee:

A road committee has been formed between DCA and SRPOA. More information will be coming in the next newsletter regarding the agreement and the committee.

HAVE A SAFE AND PROSPEROUS NEW YEAR
