As I said before 2 or 3 couples could go together and purchase one item – i.e. 3 gifts of \$40 - \$45 would let me order the rug to teach multiplication in 4<sup>th</sup> grades or a Dry Erase Board. The book case at Walmart is around \$18 which one person could buy. Would anyone be interested in sewing some pillow covers for the school if I bought the material.

As usual I'm available for questions. Just call me. As always I am willing to shop for anyone and provide you with a receipt for taxes. I still have the school's tax exempt number to use anytime but I am not allowed to give it out.

Thank you Friends and Neighbors
